

MediaShare

Product Description

MediaShare is a unique sit-to-stand height-adjustable solution for creating collaborative and media-focused worksettings. The forward-looking system for integrating technology enables easy connections for digital devices, including both power and data ports. It also provides dual adjustment controls, efficient and clean cable management, and a versatile mounting system for attaching digital displays up to 50". Choose from a variety of top shapes and sizes, as well as laminate finishes and complementary paint colors.

Features

- one-touch, dual-controller height adjustability
