STURDY AND LIGHT. ATTRACTIVE AND FUNCTIONAL.

The FreeStanding Screen is an easily moveable and reconfigurable space divider. It's trim design and low-profile, boomerang-shaped foot allow it to adapt to multiple configurations and uses.

Offered at 50" tall from the floor, they are available in widths in 6" increments from 30" to 60". The screens can be ordered with fabric inserts (shown below), acrylic, triple-wall polycarbonate, and white board, and in an array of paint colors.
