A BAKER MANUFACTURING brand

## ANIMATE+

Animate+ is an innovative table-based benching/desking solution that combines unmatched agility with extended range sit-to-stand height adjustability. It utilizes a very small kit of parts, screens, mounting rails, raceways, and distinctive storage elements to create individual workstations, benching applications, touch-down stations, or high-intensity collaborative settings. Easily reconfigure it all to respond to the changing needs of today's workplace.

## ANIMATE

The Animate table is the new standard in extended range sit-to-stand height adjustability. This line of tables can be used independently, in conjunction with other furniture products, or as the basic building block for an entire worksetting.

## NEXT

NEXT offers stylish adjustability for companies that need to attract smart people and keep them happy, healthy and productive. With innovative, independent legs that work with any top shape, NEXT offers a light scale and a unique and optional rolling caster foot making it easy to move, install, and inventory.

## VISO

Viso offers two ranges of sit-to-stand height adjustability in a lean, low-environmental impact table. Fully independent legs, a smooth and speedy mechanism, and easy operation makes Viso an ideal choice for a height-adjustable table that blends with a variety of other furniture products.

## MARKER COLLECTION

The Marker Collection offers a distinctive portfolio of executive furniture that seamlessly integrates sit-to-stand height adjustability with the innovative management of power and data.
