JRB STUDIO DELIVERS PR-1

Value. Speed. Dependability.

The PR-1 desk from JRB Studio blends an unexpected combination of features at a remarkable price point, making it a wise choice for your height adjustable furniture needs. With a versatile selection of three base colors and three laminates in the quick-ship program, the PR-1 desk arrives ready to work.

- anti-collision safety mechanism
- 175 pound user weight load capacity
- extended range height adjustability from 24.5" to 50.5"
- control pendant with memory presets and LED readout
- fully warranted for both parts and labor
- black, silver and white base available on 4-day quick ship
- complete desks available on 4-day quick ship - laminate options include white nebula, fusion maple, and white
- additional laminates in standard shipping times

Add Cable Management

PR-1 also offers an optional cable management feature, including a unique hole pattern that creates easy pull-through access to the top of the worksurface. The trim lock cable coverings meet UL safety standards.
