

VOYAGE

Your personal LED

With a proprietary Accessory Rail mounting device designed by JRB Studio, Voyage is a Light Corp Personal Task light that, with just a one-handed movement, puts highly efficient light exactly where you want it. The sleek linear aesthetics, full articulation, soft touch dimming, a 10-hour auto turn-off, and an optional integrated occupancy sensor combine to create a highly functional and elegant task light. Voyage is the perfect accessory for your JRB Studio worksetting.

A single touch on/off and touch-and-hold 100%-15% continuous dimming pad with last state memory.

The optional occupancy sensor shuts the fixture off after 30 minutes of inactivity.

A properly diffused light source under the linear head provides a softly blended light pattern that reduces eye strain.

Knuckle tension is adjustable with an Allen Wrench.

FEATURES

LAMP

18 fractional LEDs

WATTAGE

7 system watts

TWO VERSIONS

Single or double arm

LAMP COLOR

3500K

CRI

84 (80 min)

LED LIFE

50,000 hours

SOFT TOUCH INTERFACE

- Single touch on/off switching
- Touch-and-hold 100-15% continuous dimming with last state memory

LIGHT OUTPUT

250 lumens, 95 desktop footcandles at Peak Output

POWER SUPPLY

15 watt 24V wall transformer with 9' cord

ROTATION

300° at base

OCCUPANCY SENSING

An optional passive infrared (PIR) occupancy sensor automatically turns the fixture off after 30 minutes of no detection, and back on as the user re-enters the workspace.

AUTO TURN OFF

A standard feature that automatically turns the fixture off after 10 hours of use (± 15 minutes) to reduce unwanted energy use.

MOUNTING

In addition to the JRB Studio Accessory Rail mount, a clamp and freestanding mount is also available.

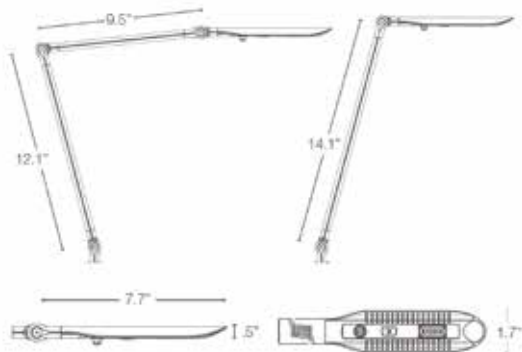

CERTIFICATIONS

ETL, UL cUL, TAA & BAA Compliant

WARRANTY

5 year manufacturer's warranty.

DIMENSIONS

RECYCLABILITY

Material content recyclability by weight:

- Aluminum (1 lbs) - 17%
- Iron (4.37 lbs) - 74.5%
- Plastic (0.045 lbs) - 0.7%
- Steel (0.12 lbs) - 2%
- Non-recyclable electronic content - 5.8%

Contains 35% pre-consumer recycled material by weight. 94% post-consumer recyclability by weight. Mercury-free LEDs.
